To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for the Huntington Learning Center of Englewood. Over the past few years as a district program coordinator, I have had the opportunity to work closely with Viola Feld and her dedicated team on several initiatives designed to support student achievement.

Throughout our collaboration, Huntington has consistently demonstrated a commitment to academic excellence and a deep understanding of student needs. Whether through tutoring, enrichment, or test preparation programs, the Huntington team has shown flexibility and professionalism in tailoring their support to meet the specific goals of our district and students. Many of these programs have overlapped and run simultaneously, yet Viola and her staff have managed each initiative with efficiency, responsiveness, and a true spirit of partnership.

What stands out most is Huntington's dedication to ensuring that every child has access to quality academic support. Their team regularly collaborates to adapt to changing schedules and provides timely communication and data to help us track progress and outcomes. Their presence in our community has become a valued asset in our collective mission to close learning gaps and promote academic success.

I am confident in Huntington Learning Center of Englewood's ability to continue delivering high-impact support to students and families. I highly recommend their services to any organization or district seeking a reliable, student-centered academic partner.

Please feel free to reach out to me should you require any further information.

Sincerely,

*Amy Lupardi*
