

To Whom It May Concern:

We have had the pleasure of partnering with Huntington Learning Center to provide additional tutoring services for our students who experience learning loss due to COVID. Through a review of seven proposals submitted, Huntington was one of the vendors we selected for our families to choose from.

We wanted a mix of locations and options to best serve our students.

Huntington has been extremely responsive and accommodating for our students. We have had positive feedback from our families in the support they have been given.

Please feel free to let me know if you have any follow up questions I can help answer. I definitely would recommend partnering with Huntington for tutoring.

Sincerely,

A handwritten signature in black ink, reading "Amy N. Heinsma". The signature is written in a cursive style with a loop at the end of the last name.
